

Department of Chemistry
Report of Workshop and Hands On Training
On
Chem Sketch & Master nova Software

Department of Chemistry, Govt. E. Raghavendra Rao PG Science College, Bilaspur Organised a One Day Workshop and Hands on Training On the application of “**Chem sketch and Master nova**” Software on 16th April 2024 for M.Sc. students. Chem Sketch is a software used to draw chemical structures including organics, organometallic, polymers and Markush structure, Chemical equations etc. Master nova software is a software package for processing, analyzing and visualizing Nuclear Magnetic Resonance (NMR) data. Both softwares are very useful for students in preparing their presentations and research work. Dr. D.P.Sahu, Head of Department addressed to the students and thrown the light on importance of research and innovation. The training was given by Dr. H.S. Devangan, Assistant Professor Chemistry, Govt. College, Baloda, Dr. Neeta Gupta Assistant Professor (Chemistry) Dr. Ashok Raj Patel, Guest faculty, Govt. E. Raghavendra Rao PG College, Bilaspur. PG students learned to use these softwares and their applications. Mr. Avinash Pandey gave vote of thanks.
